Our boutique luxury home delivering individual care for our residents

CELEBRATING MOTHER'S DAY

We celebrated Mother's Day with Afternoon Tea and enjoying entertainment by 'Musical Interlude'.

March has been a busy month for our talented Chef with eight birthdays. Delicious birthday cakes have been made to be enjoyed by all.

Enjoying Spring

At Dungate Manor we believe in creating a warm and enriching environment where residents can enjoy life to the full. Our reminiscence sessions and Dementia friendly dolls provide comfort, familiarity and emotional well being, helping residents reconnect with cherished memories. We also offer a special collection of touch friendly items in a personalised box, allowing individuals to engage with meaningful objects at their own pace. These thoughtful activities not only spark joy but also encourage a sense of identity, belonging and calm making everyday life at Dungate a truly nurturing and fulfilling experience.

Throughout March, we have again had talented entertainers visiting, bringing music, smiles, and enjoyment for our wonderful residents. These performances are always a highlight together with visits from our Exercise Guru Vince who always manages to get everyone involved with his gentle exercise routine.
