Our boutique luxury home delivering individual care for our residents

September Stories: A Month of Reminiscence

This month at Dungate Manor, we've embraced the theme of reminiscence, creating space to reflect, share, and connect through meaningful moments. Residents have enjoyed gentle cognitive activities such as colour sorting and themed word searches, sparking memories and conversation. As part of our daily routine, we've continued to look through magazines and newspapers together - an opportunity not just to stay informed, but to prompt stories from the past and enjoy the familiarity of shared experiences.

Celebrating Another Year of Joy

We had a memorable birthday celebration this month. Every birthday in our home is SO special and we celebrate every single birthday with a delicious cake baked by our chef, music and laughter.

Our residents have truly let their creativity shine this month! From bold brushstrokes to delicate details, each piece of artwork is a reflection of individual expression and imagination. It's been wonderful to see everyone take pride in their creations - and even more special to watch confidence grow with every colour added. The walls of Dungate Manor are now brighter with both art and smiles!

**Reminiscence Day
Friday 10th October**

**Come to Dungate Manor
for a morning of
dementia friendly
activities and the
planting of our very first
memory tree.**

**We will be joined by
local MP
Rebecca Paul**
