Our boutique luxury home delivering individual care for our residents

Moments of Magic, Memories for Life at Dungate

At Dungate Manor, our residents' happiness and wellbeing remain at the heart of all we do. This month, we had the pleasure of celebrating our residents' birthdays with their beloved family and friends. Filled with smiles, laughter, and treasured moments, each celebration brought warmth and joy to our home. We are proud to create meaningful experiences that make every resident feel valued, cared for, and truly at home. We believe it is the little moments that create the biggest memories, and we are delighted to make every occasion as special, joyful, and meaningful as our residents deserve.

A Little Adventure, A Lot of Joy at Dungate

At Dungate Manor, our person-centred activities are designed to bring joy, purpose, and meaningful connection to each day. Residents can take part in Painting, Gardening, Arts & Crafts, and Indoor Games, along with our enjoyable Sherry Social. These activities encourage creativity, conversation, friendship, and confidence, while giving residents the opportunity to follow their interests and spend quality time together. We are delighted to see our residents enjoying these moments and creating happy memories in our welcoming home.

Creating Joy Through Every Journey

At Dungate Manor, person-centred care means supporting our residents to enjoy life beyond the home. Our trips to parks, cafés, shopping centres, and local places bring fresh experiences, joy, and connection. Encouraging residents to make choices and maintain their independence makes each outing meaningful. Their enthusiasm and smiles show just how much they love exploring, socialising, and making new memories together.
